

Incorporating Sextortion Prevention, Response, and Recovery into School EOP Planning Resource List

Online Safety, Cyberbullying, and Child Exploitation

2016 National Strategy for Child Exploitation, U.S. Department of Justice

This report provides details on the National Child Exploitation Threat Assessment conducted in 2010 and 2016. The 2016 assessment focused on changes to the child sexual exploitation threat since the previous assessment and potential threats over the next five years. www.justice.gov/psc/publications

Federal Bureau of Investigation Sextortion Web page, U.S. Department of Justice

This Web page houses a variety of information about sextortion, including an article detailing the FBI's involvement in case investigation, links to confidential questionnaires for potential sextortion victims, as well as access to free resources and videos on the topic. www.fbi.gov/sextortion

Integrating Cybersecurity with Emergency Operations Plans for K-12 Schools Webinar, REMS TA Center

This 1-hour webinar focused on the importance of cybersecurity and network protection at K-12 schools. It provided an overview of the landscape of cyber threats facing K-12 schools, as well as DHS resources, programs, and tools to help schools maintain secure networks and prevent cyber attacks.

<http://www.rems.ed.gov/IntegratingCybersecurityForK12.aspx>

Internet Crimes Against Children (ICAC) Task Forces by State, U.S. Department of Justice

This website provides details on the national network of 61 coordinated task forces representing over 3,500 federal, state, and local law enforcement and prosecutorial agencies. These agencies are continually engaged in proactive and reactive investigations and prosecutions of persons involved in child abuse and exploitation involving the internet. www.icactaskforce.org

Investigative Programs, Crimes Against Children, Federal Bureau of Investigation

This Website provides an overview of initiatives and background and links to programs and resources related to violent crimes against children. The office supports efforts of states and localities to enhance the capabilities of their law enforcement investigators through programs, investigative assistance, and task force operations. <http://www.fbi.gov/hq/cid/cac/crimesmain.htm>

Readiness and Emergency Management for Schools (REMS) Technical Assistance (TA) Center

WEBINAR RESOURCE LIST

Netsmartz Workshop Online Program, National Center for Missing and Exploited Children

This program provides online resources for parents and guardians, educators, law enforcement, teens, tweens, and kids. Information is provided on specific topics, such as cell phones, cyberbullying, and sexting with accompanying tips and pointers on how to discuss these topics with a child.

<http://www.netsmartz.org/Parents>

Privacy Technical Assistance Center, U.S. Department of Education

This Website serves as a comprehensive resource education agencies can use to get answers questions and address concerns related to privacy, confidentiality, and security practices. Their site provides valuable information related to information sharing guidelines such as the Family Educational Rights and Privacy Act (FERPA) and legislation such as the Children's Internet Protection Act. <http://tech.ed.gov/privacy/>

Project Safe Childhood Website, U.S. Department of Justice

This national initiative was launched in May 2006 by the U.S. Department of Justice and is led by the U.S. Attorneys' Offices and the Criminal Division's Child Exploitation and Obscenity Section (CEOS). The goal is to provide federal, state and local resources to better locate, apprehend and prosecute individuals who exploit children via the Internet, as well as to identify and rescue victims. <https://www.justice.gov/psc>

Review of the Internet Crimes Against Children (ICAC) Task Force Program: Interim Report to the Attorney General Fiscal Years 2010 and 2011, U.S. Department of Justice

This report features an analysis of statistical accomplishments and trend analysis for the ICAC program as well as a review of individual task force reporting. The data in this interim report come from required monthly data submissions to the Office of Juvenile Justice and Delinquency Prevention.

ED School Climate Surveys (EDSCLS), National Center for Safe and Supportive Learning Environments

The EDSCLS web-based administration platform offers a collection of school climate surveys for middle and high school students, instructional staff, non-instructional staff, and parents/guardians. All resources are free of charge, and the platform processes data and provides user-friendly reports in real-time. Education agencies administering the survey can store the data locally on their own data systems. The EDSCLS measures three domains of school climate—engagement, safety, and environment—and covers such topics as physical safety and mental health. Users in need of assistance with navigating the platform have a wide variety of tools available, including the *EDSCLS Administration User Guide* and the EDSCLS Survey Item Lists. A Help Desk line and email line are also available.
